GBT4200 SPP DIRECT CONNECTION

Unlink

Restore Default

USB Suspend = Disable

Link to host in SPP Mode

Use the Bluetooth manager of the host device to “Discover new devices” and select "GBT4200...". If you receive an error message, it may be necessary to change the security settings on either the host device or the scanner.

Use an RS-232 terminal program to see incoming data on the port designated by the Bluetooth manager of the host device.
